President Ford has said repeatedly be believes one of his major thats is to restore public confidence in the White House. Polister Lou Harris told the annual Conference of Mayors that a majority of people have more faith in their garbage collectors than in either local or Federal government, A survey by the University of Michigan Institute for Social Research indicated that over half of those queried believe that "quite a few" of the men running the government are crooked.

Therefore, a recent study by the magazine "Psychology Today" comes as something of a elcome surprise. The survey found that a majority of Americans use the government ervices available to them; two thirds of them reported complete satisfaction with the way the office involved handled four in 10 said they were very satisfied, thank you. Only 14 per cent were very disentialled with the service they got.

The magazine asked representative sample of 1,431 citizens to describe their experiences with seven co problems that government bureaucracies service employment, job training, comuntion for accidents and injuries at Work, weens computestion, medical and tropital cure, public ambitance,

Byrne and Lynch, both Irishhorn naturalized American cilizens, were to be arraigned Inday Authorities said federal charges of kidnaping were not filed because the victim was not taken across state lines. But there remain possible state kidnaping charges which carry penalties of life imprisonment.

New York City Police Commissioner Michael Codd said law enforcement officials and U.S. State Department intelligence agents are checking the possibility that the two men intended to give part of the ransom to the Irish Republican Army. LaPrade discounted any IRA connection:

Samuel Brontman, 21. after shaving his eight-day beard and showering at the Fifth Avenue apartment of his father, Seagrams chairman Edgar Bronfman, went by helicopter to the tamily estate at Yorktown Heights in Westchester County Sunday afternoon, accompanied by his father.

There the young man was met and embraced by his divorced mother Ann Margaret Loeb Broniman. He spent the night at her home in nearby Purchase where he was living at the time he was selzed

A family friend, Jonathan Rinehart, said that at the news of Samuel's rescue, "there was a lot of smilling, a hell of a lot of smiling."

Church: 'Total Tyranny' Possible

WASHINGTON (AP) - The chairman of the Senate paper problem U.S. intelligence agen cies says the government has the technological cupacity to engote "total tyrunny" if a dic-

er ever came to pewer. There wente he no place to e.' See. Frank Church, D. idaho cheirmen of the commit-tes, said Binday en NBC's

Church said the eavesdropgovernment by intelligence agencies would enable the government to impose total tyranny "and there would be no way to fight back because the most careful effort to combine together in resistance to the government, so matter how privately it was done, is within

Church said that U.S. intelligence agencies, in the know what potential enemies are doing," perfected a "very extensive capability of intercepting messages wherever they may be in the alreaves.

"Now, that is necessary and important to the United States

potential enemies. We must know." Church said.

"At the same time that capability at anytime could be turned around on the American people and no American would have any privacy left, such as ... conversations, telephone telegrams, it doesn't matter."

In other matters, Church said: -Covert CIA actions on behalf of Portugal's non-Communist majority would "at least conform to our values as a country and to our professed principles." But he indicted such a move would be unwise because right now there is a very grave risk of CIA exposure" and because Portuguese democrats were getting help from

European countries. He did not share the view that Central Intelligence Agency
Director William E. Colby
should be replaced. Colby "has
been forthcoming" with his committee, Church said

-There was no hard-evidence linking any former president or other high administration of ficials to plots to assassinate Cuban Premier Fidel Castro:

-He now would qualify the statement he made in mid-May that every major of politically sensitive covert CIA operation had been cleared by the White known to the various presidents. Church indicated that more recent evidence has led him to conclude that such an absolute statement is inaccuarte.

-He stands by his earlier statement that the CIA acted as u "rogue elephant" out of con-trol and said such a characterization is supported by

the evidence. —He declines to rule out a possible presidential candidacy decision would be deferred until after his committee's work is Upiabed.

Scotts Charge FBI With Massive Harassment's

By LARRY MARGASAK
Associated Press Writer
HARRISBURG Pa (AP) —
Attorneys for sports critic Jack
Scott and his wife Micki, say the FBI is subjecting them to massive harasement in its search for fugitive newspaper

heiress Patricia Hearst The constant surveillance ment on the new legal briefs, became so severe earlier this. The papers were filed by the

federal agents between Feb. 27.

The papers were filed by the

and April 10. the Scotts charged in legal briefs. At an Aug. 7 hearing for Mrs. Scott, U.S. Atty, Brandon Alvey a federal grand jury inves-tigating the harboring of Miss called the harassment charge 'a figment of somebody's imagination." He had no com-Hearst.

for a hearing today in U.S. District Court The Scotts are trying to quash subpoenss or dering their appearance before

Mrs. Scott offered sworn statements of several incidents that she said constituted FBI

She said last July 30 she called a Portland record shop lo order tickets for a concert, and told the salesperson she would be right over. When she and her husband arrived, federal agents served them

with subpoents.
To the best of my knowledge, these agents did

- they were walting there for us when we arrived," Mrs. Scott said. "I believe that the only way they could have known where we were going was to have monitored my telephone conversation with the salesperson at the record

The Scotts say the harass-ment covered not only themselves but their friends, including professional basketball star Bill Walton.

They also charge 4 "the exploitation of the physical ailments and emotional instability of Jack's brother, Walter Scott, in order to intimidate and terrorize him into falsely accusing the Witnesses, their family and friends of a variety of criminal acts."

Walter Scott, who had earlier servised his family of aiding

Miss Hearst and their offering to turn ber in for \$109,996, told the Associated Press Friday he would no longer cooperate with the government. But he denied charges by his family that he is an alcoholic and psychopathic

If the Scotts lose their motions to quash, Mrs. Scott could appear before the grand jury this week. Miss Hearst's mother. Catherine, has confirmed she will appear Tuesday in response to a subpoena. The jury is not meeting today.

Jack Scott's subpoena calls for a Sept. 4 appearance. The Scotts have pledged not to tesuly if forced to appear and expressed willingess to be jailed for noncooperation.

The grand jury is investigating whether the pair rented a bouse in South Canaan, Pa. near Scranton last summer in

which Miss Hearst and two other fugilives. William and Emily Harris, stayed.

Miss Hearst, 21, whose father is president of the San Francisco Examiner, was kidnaped Feb. 4, 1974, by the Symbionese Liberation Army Later she said she had joined the terrorists group and is now sought with the Harrises on bank rubbery and weapons

Most of the persons repor-tedly involved in the federal grand jury's investigation into the Hearst case arrived in Harrisburg Sunday night. They included Micki, Jack and his brother, Walter, cullege student Martin Miller, and Jay Weiner, another student who already has testified to an earlier jury about Muss Hearst's disappearance.

Ford Begins Hectic Two-Day, Four-State Tour Today

VAIL Colo (AP) — President Fore togins a next two lay tour to six cities in four states by visiting an experimental oil shale mine at nearby Rifle Colo.

The trip, during which the President makes seven speeches.

The trip, during which the President makes even speches, includes stops today in Colorade and lows. He spends the night in

Minneapolis and visits Illinois on Thesiday

The midmorning visit to the Rifle mine is to puderscore Ford's Wew that oil from shale rock is one way the United States can "increase domestic energy production and decrease reliance on

Ford was to inspect two pilot projects for use of waste produced when shale rock is shattered and beated to turn the tarlike material into oil. Waste disposal has created environmental problems for developers of oil shale.

The projects at Rifle are designed to show the waste used as a road bed compactor and as soil for growing certain crops.

The President arranged to walk 1,200 feet into the mine to ob-

serve the digging of shale and to inspect a refining facility where oil is cooked out of the rock under 900-degree temperature and

high pressure. Before flying from Colorado to the Midwest, Ford scheduled a meeting in Grand Junction with a group of nine officials from Republican Cov. Robert Ray has waived the general public's \$2 admission fee for an hour during the presidential visit. The President's trip to the Paraho all shale demonstration.

Foreign Car Sales Are Low In Detroit

DETROFT (AP) - Imported Michigan, Illinois, Onto, Inrefre may be taking a record 20 fer cont of the U.S. market this mean but they still are con-State City

A securaphical breakdown of U.S. import sales shows foreign for makers well fewer cars in Distrect than any other region in the country.

That, of course, is not sub-prising since Detroit is the legre of the American auto industry and of thousands of sub-tiers whose livelihoods linead on the industry.

Imports account for only issiput 7 per cent of new car sales is the Detroit metropolitan

And in the Great Lakes

diana and Wisconsin - imports have grabbed only if per cent of new car sales. That however, is up from the # per cent share they took a year ago. Imports do best on the Pacific.

Cosst. Surveys show 40 per cent of all new cars purchased in California, Oregon and Washington are imports

Along the East Coast, 21 per Along the Past Coast, 21 per cent of care sold in New York. Massachusetts Pennsylvagia. Connecticut and New Jersey are imports, up from a 17 per cest share last year.

Along the Southern Coast, imports are taking 18 per cent of

the new car sales in Texas, Florida, Mississippi, Virginia and West Virginia, up from 15 per cent a year ago.

project at Rifle is another in a series of visita to energy-related sites. He previously visited the Navy's Elk Hills oil reserve and a geothermal field in California and an offebore oil rig in the Gulf of Mexico.

The \$8.5 million Paraho project is privately financed by 17 oil companies. The companies have proposed a 378 million program to construct a full-size prototype for commercial plants.

The Interior Department estimates that oil shale in Colorado, Utah and Wyoming contain about 1.8 trillion barrels of shale oil deposits and if lower grade deposits are counted, perhaps six trillion barrels.

These figures are 2.5 to 8 times the proven recoverable oil reserves in the world. If \$0 per cent of high-grade shale oil is recoverable, experts estimate it would provide the U.S. with a 140-year supply at the 1973 rate of petroleum use.

Until recently, companies have not considered it emponently femalate to extract oil from shale. But with oil new offeraging around \$10 a barret, lederal lease cases in the three stakes have drawn bade totaling \$447.5 infilter and many experts believe the shale process now can compete with crude ull'in price.

The removal of both price controls on domestic oil and the \$2-a-barret tarriff on imported oil. — as Ford proposed just week.—

could make the price of oil rise even higher, providing greater.

incentive to tap shate oil This evening, the President will attend a GOP fund-raising dinner in Des Moines before flying to Minneapolis for an overnight stay: Ford's Tuesday schedule in Minneapolis includes speech making appearances at the American Legion national convention

and before a Republican leadership rally and a luncheon.
Later Tuesday, he will fly to Minois to speak at the dedication of

the Electet M. Darkkes Memorial Library in Petin and address a regiment. White Hence conference as domestic affairs in Peoria .

It also includes every afficial functions and a besty schedule of meetings with Republicans leaders.

For this reason, the Republican National Committee is paying for the entire trip except for the initial helicopter flight from Vall to Riffe to Grand Junction, Colo. The COP's costs will include \$1.50. The Albert for the of the presidential left. \$2,206 am hour for use of the presidential jet.

By Tuesday night, Ford is to be back in Vail to resume his vacation stay After more golf, tennis and socializing, he is to return to Washington next Monday, stopping en route in Chicago and

Ford announced Sunday that Secretary of State Henry A. Kissinger was resuming his shuttle diplomacy in the Middle East later this week. Ford also played golf and tennis.

NEW LEGISLATURE

House A Dominant

Assertated Press Writer
LANSING Mich. (AP) - The

first seven months of the new legislature saw the state House erm domisent in writing legislation, while Speaker Bobby Crim has become the most powerful Democratic

under the leadership of former speaker William Ryan has begun the bulk of innovative logistetion, kept legisletion, kept primary suihorship of such bills as the political reform lesus/busines tax revision, teacher strikes and

Amentologyment Compensation.
Crim; meanwhile, stopped in-to Rysk's show at the main Democrat with whom Gov. Without Stillshow must deal to reach agreement on logislation. Byen, however, remained one of the most powerful law.

Both Republicans Democrate broke to new leaders in both chambers, and their performance was of key interest to capital observers as they flexed their new muscle.

The newly Democratic Senate shed its old image as the burtal ground for liberal legislation, and approved every major bill sent to it. But it acted largely within boundaries already set by the House, as many members complained that the House was dictating the shape of key bills and the spending levels in the budget.

Some House members, on the other hand, complained they were doing all the work. At one point. Democratic Floor Leader Joseph Forbes commented the Schate "is the best argument I know of for a unicameral learning was ""

Senate Majority Londer William Fitsgerald of Detroit overcame a rocky start in lead. ing his individualistic coloris. But he remained second among equals to Crim in the Demnerasevering and bergaining

with the governor. Crim had two advantages over Pitzgerald. First, the rules of the House give him more power over his 65 member ranks. cond, the ex-floor leader from Davison is more experienced in

bederahip politics.
In addition, lawmakers agreed, it is harder to lead sonators than representatives. Fewer in number, with larger constituencies, sensions tend in go their own way and be easily offended by attempts to unify

be, are black Americans today the better or the worse for these men having lived?

For Lincoln, the answer is obvious. Whether or not he believed in social equality between the races (who did in 1861?), he led America through. its greatest ordeal, an ordeal which ended in the end of slavery lt, was the necessary lifst, immedse stride toward he racial justice we are still striving to achieve.

Likewise for Jefferson, who foresaw the inevitable conflict over slavery — like a "firebell in the night: Whom do we revere — the "hypocritical" Jefferson; whose ringing phrases about human liberty have been both a reproach and a shining guide to succeeding generations of Americans, or

There are eight players and one assistant coach on the 1875 edition of the Broncos and most of them will see action this

Gene Cavich, a 33-year old Niles native, will be handling the defensive ends for new head counts Ether Uselac this season. Cavich is a left graduate of Western where he served out letters at a capter and incherter:

He went right from college to the high actinol enaching rents, spending his first year at East Claire. Eastern Michigan had Cavich's conching abilities last year before he was chosen by Uzelac is help shore up a defense that gave up 200 points in 11 games last season.

The only area starter listed on Uzelac's presenson depth chart Uzelac's prosoneon depth chart is sophomere wingback John Hage a graduate of Portage Verifiers, sign actual offices rather, in new principal is St.

As a freshmen, the 6-4, 200 pound filipps started out as the number two tight end behind graduated co-captain Greg Cowser Midway through the son he was switched to the defensive backfield when key lajuries depicted that corps. In the short time Higgs played in the secondary, he figured in on 24 tackles, He was also; a decathloser for the Bronco track team in the spring of this the club," reported Uselac "He's big enough to play in our three-back power set and Will be a better then average blocker

St. Joseph high's Dennis Dilley, a 6-4, 218-pound juntor, could be the Bronco's starting tight end this season. He will be vying for the spot with Buttle Creek junior Mark Harrison. Dilley say action at the tight end spot in spring practice but couldn't nail down the starter's job. "Dennis looked good in

Last season Dilley had two

receptions for 16 yards but recovered an offensive fumble in the end zone against Long Beach State for a touchdown. He was a member of the 1971 St. Joseph grid team that went 9-0 and was ranked No. 10 in the Class A polls.

Niles high graduate Mike Whiseler is listed as the number two linebacker on defensive coordinator Bob Sutton's crew. As a sophomore last year, Wheeler made 31 tackles, including two for minus yards. The 5-10, 192-pound junior is a hard nosed player who participated in spring drills with a broken wrist.

Another area performer who could see some action at spin end is Mark Nisbet, a 6-1, 183pound junior from St. Joseph He played wing back during the spring but was switched to end behind Detroit speedster Ted Forrest. He was an All-State second team pick in 1971.

Doug Lancoln from St. Joseph and Keith Rogien from Eau Claire are listed as the back up fullbacks to Muskegon Catholic's Jim White Both sport must of last fall with the Bronce funior varsity. Lincoln is 5-11, 200 lbs. while Rogien, who attended Michigan Lutheran Seminary is 64, 216 lbs

George Czirr, a 4-3, 215-pound defensive tackle who attended Berrion Springs high, will have to go some to unlodge veteran tackles Marvin Downs, and Chris Forsythe from their starting roles.

The only freshman from the area on this sesson's team is Jim McVay from Watervilet. The 6-2, 202 pounder will play linebacker for Western

California Halts Chrysler Sales

SACRAMENTO, Calif. (AP) California's Air Resources Board says it is ordering a halt to the sale of about 1.000 Chrysler Corp. cars with 440 cubic inch engines and levying a 1328,200 fine for smog control

The three-member board's executive officer, William Simmons, said Saturday it turned down an offer by Chrysler negotiators to send 18 expert mechanics to California "to fix all the cars they could get their hands on."

Costs Pushing Truckers Downhill

AP Dantees Writer

NEW YORK (AP) - It has been mostly downhill for the trucking industry since truckers protesting higher fuel prices closed interstate highways a year and a half ago. Many who own and drive their

own tractor-trailers have pulled off the road because of high fuel costs; and others say they are barely, breaking even on what loads they can find: Tve never seen if so had

This economy is really taking its toll," said Bill Hill, an Independent steelhauler from Pennsylvania.

Like many other industries, inflation and recession have double-cluiched the truckers. At the same time that fuel costs have more than doubled.

Other costs have also risen including 15 and 30 per cent jumps in maintenance and depreciation, a leading truck leasing firm said. But the biggest inflationary pressure has come from the higher costs of diesel fuel, the industry's major

source of energy Diesel fuel is a less refined. fuel than gasoline and shares many of the characteristics of home heating oil. It represents a fairly small portion of the nation's oil consumption.

Last year; commercial trucking burned 10 billion of the total 10.6 billion gallons of dieselfuel used in transportation or 3.7 per cent of total U.S. oil usage, against 96 billion gallons of gas burned on the road; the government said

Detroit Garbage Strike Over

DETROIT (AP) - Joseph Valenti, president of striking Teamster union Local 214, reports a tentative agreement has been reached in Detroit's two-day old garbage strike. Valenti gave few details of the proposed pact, but he said some sanitation trucks could be back in operation by this afternoon if members of the local ratify the centative contract. A ratification vote by the union's 800 rank-and-file members has been set for 8 p.m. The agreement was worked out at a meeting between Mayor

Colorrian Young, Valenti, and Robert Hoa)kprivage, is a Teamsters International vice president. The biggest hurdle in the garbage distute apparently was overcome when the parties agreed to put a seniority issue to arbitration.

Heading Higher

NEW YORK (AP) stock market headed higher today, riding the momentum of Friday's rally.

The opening Dow Jones average of 30 industrials was up fraction, and gainers took a 3-1 lend over losers on the New York Stock Exchange.

Analysts said it appeared investors were responding more o) the market's own recent steadiness than to any developments in the economic news:

The Dmw last week broke a chain of six successive weekly declines, with a 7.90 advance, thanks to Friday's upswing.

Today's early prices included American Telephone & Telegraph, down 1/8 at 48; LTV up 14 at 15, and Ford Motor ahad 1/2 at 39%.

S. S. Kresge, which reported a substantial rise in curnings for the quarter ended July 30. picked up a point to 291/4.
On Friday the Dow Jones in

etrial average climbed 8.00 to 825.64 for its best single-session showing in more than a month. Advances outnumbered declines by about a \$5 margin

or the NYSE.

But Big Board volume was the lightest of the year at 10.61

million shares The exchange's composite in-dex rose .38 to 46.02.

At the American Stock Exchange, the market value index was up .31 at 86.16.

'Flukes' Or Just Errors?

By JOHN CUNNIFF

AP Business Assignt
NEW YORK (AP) — Those things called statistical flukes seem to be turning approver, upsetting our notion of things economic, undermining our hopes, misleading

A fluke is the all-purpose alibi, serving economists in the same way that a "freak disturbunce" provides the westher orecaster with what seems to be an explanation for his own poor performance.

is the nation's balance of payments situation improving tell; something's flukey.

As measured by the net liquidity balance, payments showed a \$1.2 billion surplus in the June quarter. That represented a deterioration from the first-quarter surplus of \$2.9 billion.

Measured by the official reserve transactions basis, payments showed a \$1.6 billion deficit, but that was an improvement from the \$3.3 billion deficit registered in the first quarter. Perhaps not to be placed in

the category of fluke; but too important to ignore in any compilation of inisicading in-dicators, is the latest report on retail sales.

In July sales rose 2.4 per cent to \$49.97 billion from \$48.76 billion in June It was the lar gest one-month increase in a year, and put revenues 7.8 per cent above the year-earlier ligure of \$48.36 billion.

You may conclude from this that sales are spurting. And you may draw the conclusion that the nation is moving up out of the recession.

However, those figures really show that sales volume declined. If sales were to show a gain they would have to come to a total at least 9.5 per cent higher than the year before to compensate for the rise in con-

sumer prices.
Criticism of the jobies figures reported by Washington also seems to be growing because of what could be a very serious error of methodology that undoubtedly will be passed

HOW TO SHOP FOR DENTAL SERVICES

Despite the enormous sums we spend for dental services alone, only 20 per cent of us are estimated as receiving proper preventive dental care. Are you getting this care? Most likely you can't tell. In as a last resort.

fact, it is virtually impossible for the average person, lacking professional training, to distin-guish between good, adequate and poor dental service.

There are some busic guides though, and here goes.

The key to proper dental care is to find a good dentist. One widely used, obvious route is through the recommendations of your friends or relatives. Odds are that if a dentist has proved satisfactory to someone whose opinion you value he of she probably will prove satis-factory to you as well.

A second, if you move, is to ask your previous dentist to recommend a practitioner in your new home town. Or call the local deutal society, which will usually recommend three names of dentities in the area and supply/such information as their schools, graduation dates and specialties. Keep in mind that about 10 per cent of all dentists are specialists.

Among the specialties: Orthodontics, concerned with aligning teeth; Periodontics, treatment of

Prosthodontics, denture work!

Endodontics, a new and growing specialty of root canal treatment, saving teeth that 15 years ago nught have been ex-Pedondontics, also a rela-

tively new specialty devoted en-tirely, to the treatment of children's dental problems;

Oral surgery; Oral pathology; Pulic health dentistry

Try to find a dentist in a group practice. Such a dentist is under the direct and constant group. This tends to keep all of them on their toes, since their reputations rest on the excellence of one another's work.

Call, the nearest university dental school; ask for the name of a dentist for your lamily who maintains a private practice near the school and who is interested in preventive denlistry. Or ask the name of a private practice near the school Heing a professor doesn't necessarily make him a good dentist, but chances are better than even that he's a top-notch practitioner

Despite the difficulties of distinguishing between good, adequate, and poor care, there are telltale signs to look for that can alert you to the bad dentist, to the one who overcharges or to the one who does averly (ast work and uses too many short

- Expect a moderate amount of discomfort, particularly if you have neglected your teeth. If nothing ever hurts, you may not be getting quality work. Beware of the dentist who rips you in and out of the chair with a quick drill and fill. It may indicate a perfunctory job

- Be on guard if he seems to emphasize, extractions Pulling a tooth is one of the easiest jobs in dentistry but often is not necessary. No replacement is ever as good as your own tooth. A good dentist will extract only

— At your first meeting, note whether the dentist takes time to discuss fully your dental problems; whether he asks; if you are seeking emergency care or are looking for a family den tist. And most important, find out if he is willing to discuss fees frankly and determine in advance a method of payment. Don't patronize a dentiat who is not willing to discuss his fees a

 Finally, seriously consider These factors before deciding whether this is or is not the right dentist for you

is the general appearance of the office and the deutist and his staff neat; clean and orderly? How available is he, bith in location and appointment schedule?

Is he prevention oriented? Does he use X-rays in his diagnosis? Dental X-rays are one of the most valuable diag nostic tools in modern dentistry λ' good dentist∉ will probably have a full-mouth set of X-rays lakėn: uniess X-rays are availa

ble from your provious dentist. How can you tell if the fee h fair? This isn't easy since charges vary from dentist to dentist and depend on such fac tors as location and complica tions involved in a specific case. However, it is becoming somewhat easier to get information on dental fees.

One way to check the fee for a particular service is through the imal dental society

court order as a casserole filled with shopworn ideas rejected by courts throughout the country over the past 30

And Jesse Gnodwin, chairman. of the Detroit NAACP education committee, said his organiza-tion would, not allow this kind of travesty of justice to exist without being challen-ged. There is no doubt in our minds that the judge has suc-cumbed to the forces of white Locas, who argued the NAACP case before Judge

DeMascio, said the order was the usual aftempt to see what can be done instead regating the schools.

Describing the order as having "about as much foundation" as a sinking snip "Lucus said very little in it would survive

the Court of Appeals.
In his 124-page decree
DeMascio rejected two plans for the forced busing of Detroit turned over the tob of achieving to the Delimit Board of Editions

The proposed plans had been submitted by the school board and the NAACP

DeMaccio's ruling came just a year after the U.S. Supreme Court overturned a cross-district busing plan for the Detroit area which would have combined students in more than S predominality white suburbs with the Detroit system, which is nearly 75 per cent black.

in remanding the case to the district colift. the Supreme Court fast, the suburban ichool systems could not be included at this time but ordered develop-ment of an integration plan

In his ruling Saturday, DeMascio noted that it is 'impossible to avoid having a substantial number of all black or Declaring what was needed

was a plan that measures the cost of desegregation tech niques against the possible results, the judge said busing results, the judge said busing should not be used when it would make only a slight difference in the racial composition of schools or when it would simply result in sending black children from one heavily oleck school to another He said measive busing plans

tion often neglect to treat schoolchildren, as individuals, instead treating them as pigmented pawns to be shuffled DeMascio said he was aware

of the adverse education and of the adverse enterior and psychological frapact upon black children compelled to attend segregated schools.

However, he added, the remedy devised should not inflict secretices or penalties upon other innocent children for

The rejected NAACP plan would have objininated all black actions and resulted in the busting of some 71,000 of the 200,000 students in the nation's lifth largest action system.

The school board's plan called for the busing of about \$1,000

Both plans, the judge declared involved to much busing and used Blogs) racial termities in determining how many blacks and whitee would attend each school. But he accepted the school board arme that the integration need only climinate heavily white schools

DeMaucio said that means only those schools that are more than 70 per cent white need be changed under the court order. The fudge set no deadline for the school board to formulate a revised desegregation plan thit said it should submit a proposed e to the court, rip the plan must strive to

eradicate the effects of past segregation. DeMascio indicated he believed quality of education to be of prime importance.

Both Mayor Young and Gov. William Milliken said they were pleased with the emphasis, on ..

But the NAACP rejected the idea that the issues of integration and quality education were the same

"They're two different questions," said Goodwin, "We feel both are important. But the court is attempting to make these two concepts the sume."

Mayor Young expressed belief that the ruling would not create a potentially violent situation

I do not believe that we have the ingredients in Detroit for another Boston or a Little Rock," Young said, refering to the mob violence that erupted in both cities in the wake of court-

Milliken applauded the decision, saying that any extensive busing plan in Detroit would simply move black children from one predominally black achied to another or redistribute the relatively few

Marilyn's Ex Still Carrying Torch For Her

We don't think so. Joe simply isn't yet over the death of Marilyn Monroe. He spends 1630 a year to keep six fresh red roses in a vase near her crypt in Westwood Park Methorial cemetery Westwood, Calif. By the way the space next to Marilyn is up for sale at \$25,000. Similar, space not near M.M. costs only \$6,000 QUESTION YOU NEVER

ASKED: Do Diahann Carroll and Lans Turner and hundreds of other people in the movie business know what's in slove for them? Their arch-enemy Otto Preminger is writing his memotrs and rushing to best a Sept. 1 deadline

Q: How do they find these per side bids for that DM Codey JpB-O commercial on TV? — P.S. Coleage, II.

A. They get about 500 kids in a room before Cosby arrives and show them the actor in "Elec-

A. Sparkle' is the name of an upcoming black impaical ex-travagants based very lossely on the idea of a singing group like the Supremes. It has been written and produced by Howard Resemmen and Joel Schumacher, who are two of Hollywood's bettest Young Turks: Howard used to be a TV director for Passpers disper commercials. Jobs used to be a vindow dresser in New York Now they are litting it big in

Q When her heapens to Ba-de Printer? Is to divinted by VII. Seem Souge, LA

W.T., Berne Rouge, La. A. Far from weshed up; Eddie is on his way up again. He is receiving standing evations in Las Vegas and audiences adore him and find him in better voice than ever. Now that Eddie has stopped feeling sorry for himself and chatting too much shout the bad old days with Elizabeth Taylor, he is on his way to the top again.

Eliminger went out on his recent tour to "take his case" to the American people, they striked his bulletyrood limousher along with him: In this bound for an ican Secretary of State? —

E., Milwankee, Wise.
A. No — it is the first time a cretary of State has had to be so protected. But Henry is no usuai S. of S. After all, he is not the wrath of many Jews for his positions on the Israeli-Arab crisis. He possibly has more enemies than any previous man to hold his office. The Secret Service isn't taking any
